

## DHA's Create Denver Week Crafty Ballyhoo! April 17, 2010

The Denver Handmade Alliance works to promote handmakers in the Denver area - fostering creativity, supporting buying handmade and shopping locally, and providing resources for small craft based businesses.

In collaboration with **Create Denver Week** (put on by Denver's Office of Cultural Affairs), the **Denver Handmade Alliance** is sponsoring a craft market and day of interactive handmade fun. This is a call for local vendors of fantastic handmade goods.

**When:** April 17, 2010, 11 am - 7 pm

**Where:** Events Warehouse and The Flower Garage at 15th and Delgany

**Application Deadline:** March 12th

You will be notified of your acceptance by March 17th. Payment must be received by March 22nd to secure your space. Your notification letter will provide instructions on how to deliver your payment to us. There are no refunds for cancellations.

### **Participation options:**

Space is limited so this will be a juried event, however, we encourage vendors of all shapes, sizes and experience levels to apply. The booth spaces will be assigned. In an effort to get a diverse group of crafters, there will be 3 booth sizes:

- 10' x 10' booth spaces
- 6' tables
- 3' table spots (a 6' table split down the middle and shared with another vendor, DHA will supply the table)

Vendors are responsible for their own display, extension cords, extra lights, or clothing racks. A limited number of tables will be available for rental at \$5/each.

We have opportunities for handmade demonstrations and interactive activities, if you have something in mind or would like to participate in that way, please indicate such on the application.

Each vendor is responsible for receiving payment for his or her own transactions, so please be sure to bring plenty of change! Vendors are also responsible for all licenses and the collection of sales tax.

April 17, 2010 DHA's Crafty Ballyhoo Application  
Please submit by March 12th

Name:

Business Name:

Phone:

Email:

Website:

Description of product:
